

Product Name Sport Quillow

Description Great for the yoga studio, the gym, the beach, water sport enthusiasts, camping, boating, outdoors, and travel.

The Sport Quillow is a micro fiber sport towel which folds up into a convenient pouch. This ultra-soft towel is lightweight and long-lasting, making it perfect for an active lifestyle. Microfiber is designed to dry hair and body quickly and thoroughly, and more gently than conventional cotton terry.

Soft to the touch, highly absorbent and ultra-fast-drying, these sport towels are a great way to dry off after a hard workout at the gym, or a swim at the pool or beach. As they dry so fast, they won't get covered in sand!

Machine washable and extremely durable, they can be used every day. Hypo allergenic.

The unique design of the Sport Quillow enables this highly compactable fabric to fold up into its own pouch that is the size of a paperback book, yet opens to a full size towel – the perfect sized towel to keep next to your yoga mat or in your golf bag. Folding so small, it will take up very little room in a backpack or carry bag and is great for hiking and travel. Carry handle makes it easy to take anywhere.

Open 27.5" x 55".

Material Poly/Nylon

Product Name Cable Organizer

Description Handy TEC Cable Organizer! Measuring 10" x 7 1/4" x 1/4" when open flat, this medium sized cable organizer roll is made of water resistant neoprene. Place your cables under the sure grip elastic bands and then roll the organizer end to close. There is an adjustable slide closure cord to cinch tight the organizer roll. Ideal for traveling, have your company name or logo printed on the surface for instant brand recognition!
